Dear

We were officially notified that hereafter all incoming and outgoing letters, both in Japanese and English, are to be censored in New York. This means that your letters as well as mine will be delayed. So, I advise you not to worry even though you don't hear from me for the next few weeks. Everything is all right otherwise. My best regards to all.

Your

Endo Sutematsu

P.S. Please send about One Hundred Dollars by telegraph so I can buy winter clothes as it is very cold here. Try to get permit from United States government for sending money.
